NUMBER 164

## Enrollment In County Gains

Attendance Average Fails To Reflect Pupil Increase

Enrollment in the elementary schools of the county shows an increase of 48 for the year just ended over the year before, but the gain in average daily attendance throughout the county is only two pupils.

This is according to figures made public Wednesday by County School Superintendent E. J. Fitzgerald.

While enrollment for the year just closed totaled 1,569 pupils as compared with 1,521 pupils for the year before, the average daily attendance for the year just ended was 1,320 pupils as compared with 1,318 for the year before.

However, the record for continued gain in average daily attendance in the schools of the county over a period of years is unblemished, however slight the increase. The record of 1,318 in average daily attendance during the school year 1935-'36 was a gain of 77 over the previous year which was the then "all-time record."

Of the 1,569 enrolled in the county's schools during the 1936-'37 year, 820 were boys and 749 girls, while for the year before, 797 were boys and 724 were girls.

Placerville grammar school declined in the number of pupils in average daily attendance this year. The figure for the school year just ended is (Turn to Page 3)

## Forest Service Trade Opposed

Proposal To Take Bureau From Dep't Of Agriculture

The administration move to transfer the U. S. forest service from the department of agriculture to a new department of conservation, means changing management of 19½ million acres of California land and resources, and the California State Chamber of Commerce is strongly opposed.

Today, the state chamber sent its Director of Conservation, C. G. Dunwoody, to Washington to represent California business and agriculture in opposing the measure now before the Congress. Lumbering, grazing, and agricultural interests of the west support the state chamber in its position.

In recommending opposition to the proposed transfer of the forest service, E. W. Murphy, chairman of the state (Turn to Page 4)

## CHARLES W. BALL FAMILY HOLDS REUNION

The family of Mr. and Mrs. Charles W. Ball of Placerville, met on Sunday at the home of Mr. and Mrs. William Ball, in Auburn, for a reunion which was a happy occasion for all present.

The day was spent at games and music and visiting, and there was a picnic luncheon with a bountiful table.

Present were Mr. and Mrs. Charles W. Ball of Placerville, Mr. and Mrs. Frank Peterson and two children of San Francisco, Mr. and Mrs. Lloyd Darby and two children of Marysville, Miss Laura Ball, James Ball, Janis Ball, Mr. and Mrs. T. F. Lewis and son, Albert, and Mr. and Mrs. L. A. Reeg, all of Placerville; and Mr. and Mrs. William Ball and two boys, of Auburn.

During the afternoon the group was joined by Mrs. William Ball's brother, James Soukup, and friend, Mr. Lee.

## Murder Suspects In Elk Grove Death

ELK GROVE (UP)—Authorities were divided today on the cause of death of Mrs. Bertha Davis, found in bed yesterday with a bullet wound in her head.

Sheriff's deputies, inclined to a suicide theory on the belief the divorced woman was despondent over the death of her first husband, a former state highway patrolman.

The constable, however, declared he was convinced Mrs. Davis was murdered.

**DIRECTOR**—Rear Admiral Orin G. Murfin, 61-year-old Ohioan who directed the search for the missing aviators, Amelia Earhart and Frederick J. Noonan, in the locality of Howland Island. He is commandant of the 14th naval district, with headquarters at Honolulu. He is a former commander-in-chief of the Asiatic fleet and is thoroughly familiar with the Pacific. He served in the World War.

## AMELIA SEARCH CONTINUED

Chance Of Being Found Alive One In A Million

HONOLULU (UP)—The Navy continued its search today for Miss Amelia Earhart and Frederick J. Noonan, her navigator, who have been missing since July 2, when they failed to reach Howland Island on their 2,500-mile all water flight from Lae, New Guinea.

Chances of finding the fliers alive were placed at one in a million by the aviators of the carrier Lexington but there was no reported change in the Navy's plans for the mop up search of the ocean near Howland Island and 600 miles westward to the Gilbert Islands.

Miss Earhart, her fuel exhausted, is believed to have landed near Howland Island but the search to the west will be made on the theory that her big Lockheed-Electra plane may still be afloat, drifting with the current. Most of the area immediately around Howland Island already has been canvassed both by boats and planes.

## LEAGUE PLAYOFF DELAYED BY TIE

Fans' hopes that the final playoff in the Placer-Nevada League might be started this coming Sunday are blasted by the announcement of league officers that Folsom and Auburn will play Sunday to decide which of the two clubs finished the race in top position. They are tied, now, for first place.

Whether this makes any difference or not, we don't know, but at any rate, the four-club playoff for the championship is thus thrown over until July 25, when, we shall see what we shall see.

In addition to Folsom and Auburn, Colfax and the Bartletts will share in the playoff.

## SAN BERNARDINO GIRL WINS AT SALINAS

SALINAS (UP)—Sixteen-year-old Mary Rose Case of Big Bear Lake, San Bernardino County, won the title of "California's Finest Outdoor Girl" Thursday as Salinas opened its 26th annual rodeo.

Second honors were awarded to Dornel Lindesmith of Pomona; and third honors was won by Jane Pendergast of San Francisco.

## Young People To Meet In Conference

The Christian Endeavorers of high school age in the Northern California section will meet in conference July 16 to July 22 at Zephyr Point, Lake Tahoe. Delegates from the Christian Endeavor society at the Federated church are Calvin Wright, James Thorne, and Constance Taylor. They will go to the conference Friday morning with Mrs. M. E. Raber, Miss Mabel Jean Barnhouse, advisor to the group, will accompany them.

## Elder Members To Be Honored

50th Anniversary Of N. D. G. W. Parlor To Be Observed

Charter members of Marguerite Parlor No. 12, N. D. G. W., and of Placerville Parlor No. 9, N. S. G. W., will be especially honored at the 50th anniversary meeting of Marguerite Parlor, to be held on Wednesday evening, July 28.

This meeting, owing to the larger quarters available, will be held at the I. O. O. F. hall instead of at the Masonic hall, which is the parlor's regular meeting place.

The members of Marguerite Parlor have extended an invitation to the officers of the Grand Parlor, Native Daughters of the Golden West, and the officers of the Grand Parlor, Native Sons of the Golden West, and to the officers and members of Placerville Parlor No. 9, N. S. G. W., to share in the meeting, which, in addition to the special observance planned, will also be the occasion for a joint installation of officers of the two local parlors.

Mrs. Nora Gray is general chairman of arrangements for the golden anniversary meeting, which will open with a supper at Hotel Raffles to which members and friends of the order are being invited.

The officers who will be installed in their respective stations during the evening are:

For Marguerite Parlor, Harriett Amstaden, past president; Gladys Akin, president; Pearl Tinney, first (Turn to Page 3)

## Hall Hearing On Monday

Rizo, Visited By Consul, Will Stand Trial

The first of two criminal causes resulting from true bills found by the recent special meeting of the county grand jury, comes on for hearing in Superior Court Monday morning.

Lowell Hall of Diamond Springs, is charged with incest. Having pleaded not guilty at arraignment, he will be defended by Attorney C. W. Pearson. A venire of 50 has been summoned.

The second matter, which is set for Monday, July 26, is the case of Trinidad Rizo, charged with lewd and lascivious conduct. Rizo lacking means to employ an attorney, the court appointed J. D. Elliot to advise him. Rizo entered a plea of not guilty at the arraignment and a venire of 30 has been summoned for this case, on July 26.

There had been some suspicion that Rizo might change his plea but it was announced Thursday morning that following a conference with Ignacio L. Batiza, Mexican consul, who came here from San Francisco, Rizo had determined to ask for a trial before a jury.

While here, Batiza conferred also with Mrs. Rizo, with District Attorney Henry Lyon, Sheriff George M. Smith, and with Attorney Elliot.

## John Chapman Rites Held On Thursday

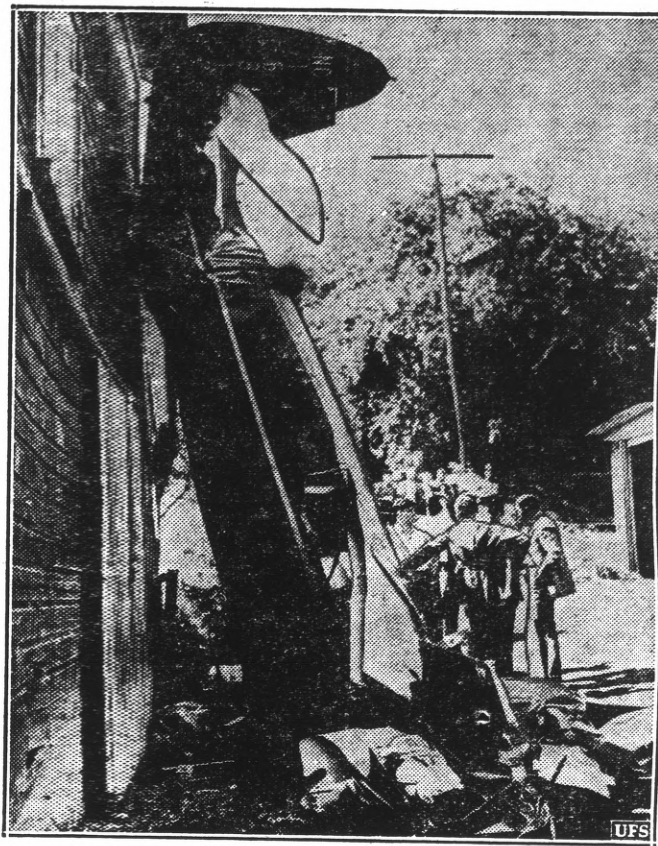

SACRAMENTO—Funeral services were held Thursday in the Mission chapel of Andrews & Greulich for John Chapman, 56, box factory worker of 715 O street, who died Tuesday in Alhambra hospital. He was born in Placerville and spent his entire life in California.

Surviving are his sister, Mrs. Hazel C. Waters of Sacramento, and brother, Earl Chapman of Angels Camp. Burial was in the city cemetery.

## Judge Landis Sits In County Court

Judge J. B. Landis of Placer County, was sitting in the El Dorado County Superior Court on Thursday in the case of Archambault vs. Von Bulow, concerning property at Coloma.

Judge George H. Thompson, a party to the action as successor in a trusteeship held by the late Judge Charles Irwin, found himself disqualified to sit in the case.

**DEATH IN A STOLEN PLANE**—Willard Beers, former CCG worker, died of injuries suffered in the crash of this private plane at Somerset, Pa., after, police said, he broke into a garage and took the plane on a solo flight. The plane is shown upended against a barn less than two blocks from the Somerset County courthouse. Beers was not a licensed pilot.

## 4 DEAD, 10 HURT, 70 TRAPPED IN COAL MINE EXPLOSION

"Mine Damp" Blamed For Indiana Blast; Rescue Crews Equipped With Gas Masks Brave Flames In Search For Survivors

By RICHARD RAPSON  
United Press Staff Correspondent

SULLIVAN, Ind. (UP)—An explosion of "mine damp" shot searing fingers of flame through the Baker soft coal mine today, killing at least four miners and trapping approximately 70 others. Twelve were rescued but 10 of them were burned severely.

Rescue crews equipped with gas masks plunged into the smoking shaft to tour the miles of corridors in the search for the remaining miners.

Thousands of Sullivan County men, women and children milled about the mine's entry.

A. E. Wilson, state mines director, and his assistant, Henry Wallace, directed rescue crews from Vincennes, Terre Haute, Brazil and other mines in the rich southern Indiana coal fields, who came here to aid. Four of the 12 taken from the shaft were expected to die, Sullivan hospital attendants said.

They were Curt Miller, Allen Sawyer, Jess Pickett and Harry Cuts.

Rescue parties were turned back by the sizzling temperature inside the mine after dragging out the first victims.

Most of the El Dorado County fans who attend will hope that the Solons earn the major share of the peaches.

Tickets for the El Dorado County Day game are on sale at the Sportsman's Shop, Fox Brothers Drug Store, Murray's Store and the Chamber of Commerce office. Ladies free except for tax.

Most of the El Dorado County fans who attend will hope that the Solons earn the major share of the peaches.

Tickets for the El Dorado County Day game are on sale at the Sportsman's Shop, Fox Brothers Drug Store, Murray's Store and the Chamber of Commerce office. Ladies free except for tax.

## North Side Couple Wed On July 4

Mr. and Mrs. Stanley Lovejoy of Cool, are receiving the congratulations and good wishes of their many friends following their marriage on Sunday, July 4, at Reno. Mrs. Lovejoy is the former Phyllis Lemos. The couple are building a home on the Lovejoy ranch where they will, in due time, be at home to their friends. We add our good wishes to the chorus.

## Woman Sleuth Sues For \$510,000

LOS ANGELES (UP)—Pearl Antibus, blonde private detective, asked \$510,000 damages today in a suit on file against Thomas W. Warner, Sr., multi-millionaire motor accessories manufacturer, and 12 other men.

She claimed Warner and the others forced their way into her home June 21, ransacked the place, mistreated a male guest, knocked her down, and frightened her three year old granddaughter into hysterics.

They represented themselves as detectives, she claimed. The 12 other defendants were not identified.

## CAMINO GROUP ON VACATION TRIP EAST

Miss Sibyl C. Crocker, principal of the Camino grammar school, accompanied by her parents, Mr. and Mrs. A. B. Crocker, left Wednesday evening on the streamliner "City of San Francisco," from Sacramento for Chicago.

Following visits at points of interest there, they will continue to South Bend, Indiana, visiting the Studebaker factory where Miss Crocker will take delivery of a new Studebaker sedan.

They will drive home, visiting in Yellowstone Park enroute and returning through Salt Lake City.

The group was accompanied to the train Wednesday evening by Mr. and Mrs. C. A. Crocker and daughter, Claire; Mr. and Mrs. W. W. Williams and daughter, Constance, of Sacramento, and C. S. Collins, El Dorado County Studebaker dealer.

## Logger Charged With Death In Inquest

QUINCY (UP)—A coroner's jury last night found that Scott Bayes, 24-year-old logger, died as the result of a knife wound inflicted by William John Sine of Clarina, Oklahoma.

Arthur Hendrix, Bayes' companion, who signed the murder charge on which Sine is held, testified Bayes was in no way involved.

The fatal fight occurred after an altercation over a snapshot of a Keddle girl.

## Farmers Open Sign-Up

Chapter Hopes To Close Enrollment By August 1st

Membership agents for the Associated Farmers of El Dorado County, an organization recently formed, are visiting farmers throughout the county inviting their enrollment in a membership campaign which, it is hoped, may be concluded by August 1.

President of the organization is R. A. Patterson of Cold Springs, with Carl Visman of Fruit Ridge, as vice-president; and A. C. Winkelman, secretary-treasurer.

Directors are Leo Oswald, H. M. Lumsden, John Forni, Joe Madden, Willard Wilkinson and George Threlkel.

The Associated Farmers of El Dorado County are affiliated with the Associated Farmers of California, an organization which was formed in 1934 to safeguard the welfare of the farmers of California.

"It shall always be the policy of the Associated Farmers," says a declaration of policy, "to fight the spread of communism among agricultural workers and to combat the subversive doctrines of the Reds. Our farmers believe in the American Constitution. They adhere to American ideals. They are opposed to the subversive doctrines that are being imported from Soviet Russia. They would oppose similar doctrines coming from any other part of the world."

## "Kid Galahad" Here 2 Days

Edw. Robinson And Bette Davis Star In Strong Drama

With three of the strongest personalities of the modern screen—Bette Davis, Edward G. Robinson, and Humphrey Bogart—heading the cast, "Kid Galahad," a Warner Bros. drama of the fight ring, opens Thursday at the Empire Theatre.

Made from a best-selling novel by Francis Wallace, which also ran in serial form in a national magazine, "Kid Galahad" has a very potent story, woven into a background of the sporting world.

Robinson plays a fight promoter who has one contender for the championship. "Fluff," his girl friend, played by the very capable Miss Davis, aids and abets him in his work. Bogart is a rival promoter, and a killer.

The title role is filled by Wayne Morris, a promising young man who packs a terrific wallop in his fight scenes as well as his love scenes with Jane Bryan, another screen newcomer, who seems to be going places fast.

The story of the two rival fight-managers and their attempts to double-cross each other is swift-moving and full of action. The fight between "Kid Galahad" and Bogart's man, Chuck McGraw (played by William Haade, the steel worker who sky rocketed to fame with his role in the Broadway play "Iron Men") is one of the most terrific ever screened.

Packed with wallop after wallop and a double "bumping off" for its climax, "Kid Galahad" is a picture you won't want to miss.

## REFUSE CANS TO HELP KEEP CITY CLEAN

"Help Keep City Clean."

This will be the inscription on six cans which, about the first of the week will be placed at "strategic" points on Main street in the hope that city residents will co-operate in keeping the Main street free of papers and other refuse.

City Marshall James Morton disclosed Thursday morning that the cans, about 36 inches deep and 18 inches in diameter, are being painted at the city barns.

They will be installed as soon as the painting is dry and the co-operation of residents is invited.

## More Than He Bargained For?

## PARADE OF SPORTS

By HENRY McLEMORE  
(United Press Staff Writer)

NEW YORK (UP)—As the todays melt into yesterdays, and the grave looms increasing large, I am becoming convinced that the prime purpose of a sports writer is to sit in front of a desk and listen to publicity agents talk big about small things.

For example, an agent wearing a gray hat and seersucker trousers, has been sticking as close to me as a Siamese twin for the past two weeks telling me about a horse named "Greyhound." The agent started slowly. He first acquainted me with the parents of "Greyhound," and then worked up into such vital information as that "Greyhound" ate four quarts of oats at five in the morning, six quarts of mash at 11 in the morning, and four quarts of oats just before the sun sank beyond the horizon.

As soon as I had "digested" these illuminating statistics the agent, in a burst of confidence, let me in on the secret that "Greyhound" was 16.2 hands high at the withers and 15.1 1/4 hands from point of breast to swell of quarters. I was so appreciative of this information that I asked my man in the grey hat, who by this time was sitting on my desk and bumming cigarettes, who in the name of goodness was this horse Greyhound?

He proceeded to tell me that Greyhound was undoubtedly the finest four-footed outfit that ever switched a tail, kicked the slats out of a stall, or bit the hand that fed him sugar, and that he was going to try and pull a buggy over a half-mile course faster than a buggy had ever been pulled over a half-mile course before.

"When is this going to happen?" I said, trying to hide by emotion.

"It is going to happen on Thursday, July 15, at Goshen, New York," he replied. "You must come up. Already we have sold 15,000 tickets, and I would not be surprised if 25,000 persons were in the stands when Greyhound came out on the track with his buggy."

The publicity agent did not like what I said from there on.

I asked him, in the first place, how he figured that anyone could care what any horse, be it Greyhound, Black Beauty, or the pride of the milk wagon fleet, did a half-mile with buggy attached. This sent him off into a discussion of the improvement of the breed and he might have been taking yet, had I not interrupted to say that with the human race in the fix it was in at the present time, I couldn't see any sense in worrying about what happened to horses.

"Well," my man said, "Whether it means anything or not, it affords a fine spectacle."

I challenged this with the speed of a mother hen protecting her brood from a stray hawk.

"Don't tell me," I said, "That there is anything inspiring or exciting in a sight of a horse. I don't think I would like the combination even if they were

shot out of a cannon by the Zucchini boys. A horse, viewed from any angle, is homely."

"And a buggy—"

Without another word, I walked from my office, descended to the street, and stepping into my surrey, rode away behind the four spanking bays, whose names are Hudson, Baffin, Fundy, and Rum.

## ENROLLMENT IN COUNTY GAINS

(Continued from Page 1)

371 pupils while for the year before, when an emergency situation existed, the school was credited with 389 in average daily attendance.

Diamond Springs school, with 91 average daily attendance this year, had a gain of 13 over the year before.

Camino had 92 in average daily attendance during the past year, a decline of two in comparison with the year before.

Georgetown had 59 in average daily attendance this year, a gain of seven over the year before.

But the record for continued gain among the various districts still goes to Pollock Pines which, until recently, was known by the name of Cedar Grove.

The Pollock Pines district had 44 in average daily attendance this year. The year before there were 25 in average daily attendance, and the year before that the average daily attendance was nine pupils.

## ARSON-MURDER PLOT JAILS OIL MAN

LANDSDOWNE, Pa. (UP)—Albert R. Knight, 55, once wealthy oil company executive, was arrested at his home today on a charge of attempting to burn three of his children to death to collect \$250,000 insurance on their lives.

Knight, at liberty under \$5000 bail on an arson charge growing out of the fire at his Landsdowne home last May 28, was arraigned shortly after the second warrant was issued. He was ordered held in \$10,000 additional bail on attempted murder charges pending grand jury action in September.

William R. Toal, Delaware County assistant district attorney, who obtained the warrant for Knight's rearrest, said his three eldest children were insured for a total of \$125,000, with a double indemnity clause in case of death by fire.

The children, Ruth, 23; Sue, 19, and Mary 17, were in their home at Landsdowne Court, May 28, when Knight allegedly set fire to the house.

## NAVY TO ENROLL 17,000 MEN IN YEAR

During the fiscal year commencing July 1st a total of 17,000 men will be enlisted in the Navy. This is an increase of 2,000 men over the fiscal year just ended, and constitutes replacements for men ordinarily separated from the service as well as additional men to man the new ships, and to bring the Navy up to treaty strength.

The San Francisco recruiting district with headquarters in the federal office building, San Francisco, received 3,834 applications for enlistment during the fiscal year just ended. Of this number 3,077 were rejected due to inability to meet the enlistment requirements.

The principle causes for rejection were physical defects, most of these being for defective teeth and poor vision. Itinerants also comprised a large number of rejections, they being unable to establish bona fide addresses or furnish the required references. Of the successful applicants, 653 have already been enlisted and due to the increase in Naval personnel, it is expected that those remaining on the waiting list will be enlisted in the near future.

In order to be eligible for enlistment applicants must be American citizens between the ages of 17 and 25, pass a physical and mental examination, and furnish satisfactory references.

The San Francisco recruiting district maintains offices in Fresno, Stockton, San Jose, Oakland, Santa Rosa, Redding, Sacramento, and Reno. Applicants should apply at the nearest office.

## Traffic Cop Needed For Swim Tank

SAN DIEGO (UP)—John Lallane, 18, and Harold Sellig, 12, appeared at police emergency hospital for treatment of severe head injuries. The boys explained they dived from opposite ends of a swimming pool and collided head-on beneath the water.

### NON-RESPONSIBILITY NOTICE

I will not be responsible for any debts incurred by anyone prior to July 14th at the Golden West Hotel, Diamond Springs, California.

H. A. LOOMIS

July 15-37c

## LOTUS

Owing to a large fruit crop in our town and at Coloma the fruit growers are busy cutting props and putting them under the limbs of the trees to keep them from breaking down. The pear crop is very good in and around Lotus, nearly as heavy as the crop of 1929 when good prices were realized by the growers for that year. We hope the growers will do as good this year. The pears are fine and fast sizing up for the market.

The heat wave still continues. The past four days in succession the mercury has registered the 100 mark from 10 a. m. to 3 p. m. Although it was warm, a south east breeze kept the mercury from going any higher. At this writing, only 94 degrees rose, and it changed a little cooler.

Dennis O'Brien and Frank Hines went down to Sacramento Wednesday last and returned with Charlie Hines who met with an accident by falling in a pit at the Motor Inn Garage in Sacramento, when he was getting ready to come home. Charlie is doing very nicely but it will be some four months before he can have the cast taken off his body. At any rate, he is able to get around and attend to his duties as constable of Coloma township.

Among those who visited our town the past week were Mr. and Mrs. John McCutcheon, Mrs. Ella Norris, Mrs. Dr. Ovela, Fred Thomas, Alfred Cooper, all of Coloma. Cliff Archambault of Oakland, Mr. and Mrs. William Potter and two daughters, Miss Mildred and Wilma of the Four Corners.

Henry Bacchi and wife and Bill Fredericks came down from their summer home at Pea Vine Tuesday last and made a short call on their friends here and at Placerville. They returned back toward evening.

Grant Monroe spent the past week irrigating for Henry Kane at Coloma on his orchard. We learn that Henry has a large crop of fruit to handle this coming fruit season.

Luneman Brothers passed through our town Sunday, taking the last bunch of their cattle to their mountain range for the summer.

Dudley Freeland came up from Sacramento Wednesday evening returning Saturday. They spent a few days on their property near here.

George A. Pontius, Coloma merchant and service station man, was in our town Monday morning attending to business matters.

Sacramento visitors on Honey Moon Hill over the week-end were Mr. and Mrs. E. J. McKinney and son, Elwin, Earl Coppin and wife, Willard Scott, Mr. and Mrs. Ballard Stahl, and son. Al and Earl worked a few hours in the mine. They all returned home late Sunday evening.

If our records of last year are any indication we may look for the mercury to go above the 100 mark this month with not a drop of rain to follow.

The past week the swimming pools

Wallace M. Ripley, who on Thursday began his duties as secretary of the El Dorado County Chamber of Commerce. Mr. Ripley will devote his full time to the work. Photo by Land, A Mountain Democrat Engraving.

## DISAPPEARANCE OF TEXANS SOLVED

AUSTIN, Tex. (UP)—The Texas Rangers, famed law enforcement group, have solved the mysterious disappearance of Luther Blanton and his son, John Blanton, but there will be no announcement of their fate until the case is iron clad. Col. H. H. Carmichael, state director of public safety, said today.

The Blantons, whose farm adjoins a section of the sprawling million-acre King ranch, were last seen November 18, when they climbed a fence of the big ranch to hunt ducks. The ranch is posted and private game wardens and cowboys enforce the law against poaching. The Blantons never returned and their neighbors, who resent the ranch and the manner in which it is managed, threatened to tear down the fences and search for their friends.

## POLAR AIRMEN FLEW OVER MEXICO

By ARTHUR SUVERKRUP  
United Press Staff Correspondent

SAN DIEGO (UP)—The three daring Russian airmen flew over 7,000 miles and actually reached as far south as Agua Caliente, Mexico, on their non-stop flight over the North Pole from Moscow, it was revealed today.

S. Shumovsky, Soviet aviation representative from Washington, D. C., disclosed that the fliers crossed the Mexican border and groped as far as Agua Caliente, resort city 50 miles to the south, hunting an opening in the clouds.

They circled four hours before finally turning back and hunting just as unsuccessfully for March Field, which they missed by 20 miles.

This means the fliers passed over Russian, Alaskan, Canadian, United States and Mexican territory in their long hop.

It was revealed that newest reckonings extended their distance to more than 7,000 miles. Previous estimates made it more than 6,500, which shattered all world's non-stop records. The actual figures are sealed in three barographs removed from the plane and sent to Washington for checking.

## Elder Members To Be Honored

(Continued from Page 1)

vice-president; Mary Sweeney, second vice-president; Mary Lyons, third vice-president; Bernice Shuman, marshal; Ethel Wickes, inside sentinel; Gertrude Steffens, outside sentinel; Margaret Wilson, recording secretary; Louise Sheppard, financial secretary; Agnes Schiff, treasurer; Nettie Leonard, organist; and Annie Yaeger, Mildred Lefevre and Ruth Lyon, trustees.

For Placerville Parlor, Willard Austin, senior past president; Ellsworth Willard, junior past president; Victor Leonard, president; Leo Ench, first vice-president; George Duffy, second vice-president; Robert Roberts, third vice-president; James Lonigro, marshal; Clyde R. Berriman, recording secretary; T. F. Lewis, financial secretary; Lester McKenzie, treasurer; William Wilkinson, trustee; Charles Bloom, inside sentinel; and John A. Raffetto, Jr., outside sentinel.

## \$2,000,000 In State Bonds Destroyed

SACRAMENTO (UP)—Old bonds whose value totaled \$1,990,000 were destroyed today by State Treasurer Charles G. Johnson.

Two thousand of the bonds were issued under the San Francisco Seawall Act of 1903 for construction of seawalls, wharves and other adjuncts of the San Francisco waterfront. These were called for payment and retired several years ago.

### HUNTERS LUCKY

CHEYENNE, Wyo. (UP)—The Wyoming game and fish commission has announced that it will declare open season this fall on deer, elk, moose, mountain sheep, antelope, pheasants, and blue grouse.

The National Orange Show, San Bernardino, is now entitled to share in the fair and exposition fund.

### NON-RESPONSIBILITY NOTICE

After July 10, 1937, I will not be responsible for any debts incurred by anyone other than myself.

July 10-37\* F. R. SHUGART.

## Forest Service Trade Opposed

(Continued from page 1)  
chamber's conservation committee, said, "This board fully realizes the intimate relationship between the forests and water sheds of California and agriculture, as well as agriculture's utter dependency for its water supply from the forests. For this reason we feel that the U. S. Forest Service belongs where it now is—in the department of agriculture."

The state chamber's fight against the plan to transfer the forest service is being carried on in co-operation with powerful national organizations, including the Farm Bureau Federation, the National Grange, the Farmers' Union, and the American Forestry Association.

The vast domain now administered by the forest service in California comprises nearly 20 per cent of the state's land area and represents a fundamental part of the economic life of the state. The research department of the state chamber reports that the federal forests, annually, furnish grazing to 145,000 cattle and horses, 325,000 sheep and goats, and supplies 250,000 board feet of lumber, annually. In addition to the grazing and lumbering resources, the chamber reports that these forests constitute the drainage and storage area for a large part of the state's far-flung irrigation system. The forests are used annually by three and one-half million people for recreation purposes.

The state chamber opposes the suggested change in management of the U. S. forests because it fears that disruption of the economic life of the west might result from a changed management viewpoint. Administrative policies of the forest service have received the endorsement of grazing and lumbering interests of the west, who do not want any change in present policies.

## MONEY LINKS PASTOR IN MURDER

PARIS, Mo. (UP)—Sheriffs officers, searching the home of the Rev. C. E. Newton, former Baptist pastor who has been arrested in connection with the slaying of Mrs. Dennis Kelly, revealed today that they had found \$1,930 in bills—\$20 less than the amount Mrs. Kelly carried before she was slain. Mrs. Kelly, 45 years old and a former member of the Rev. Newton's congregation, was found dead in the Mississippi River near Louisiana, Missouri, Tuesday. Her body bore marks of a beating and there were gashes on her head.

The money was turned over to police by Myrna Hanan, a woman who lived with the Newton family. She told officers Newton had given her the money shortly before he was arrested.

### Personal Mention

Mrs. James Thorne and son, James, were Monday visitors at Sacramento.

Mr. and Mrs. J. W. Fleming were callers on Wednesday.

Miss Doris Marsh is visiting friends at San Diego.

Mr. and Mrs. D. W. Robinson spent Sunday on a circle tour of Lake Tahoe and a visit to Reno.

Mr. and Mrs. Frank Curran are up from Oakland for their annual vacation.

Mr. and Mrs. Henry Tracy are spending a vacation at San Francisco and Oakland.

Mr. and Mrs. L. F. S. Holland returned Tuesday from an extended visit to Hollywood and are at home at their place on Pacific Hill.

## Notice of Intention to Engage in the Sale of Alcoholic Beverages

July 15, 1937  
To Whom It May Concern:  
Notice is hereby given that fifteen days after the above date, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Golden West Bar Room, Diamond Springs, California.

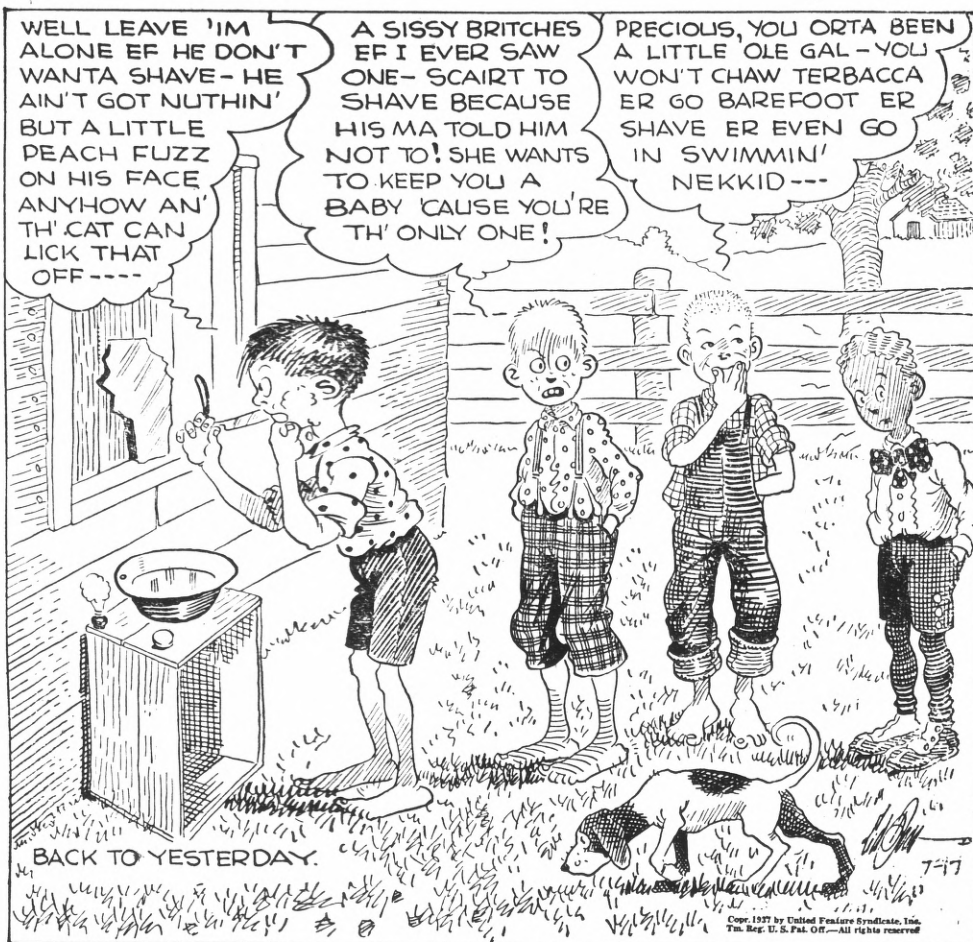

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of an alcoholic beverage license (or licenses) for these premises as follows:

ON SALE BEER AND WINE.  
Anyone desiring to protest the issuance of such license may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law.

## JAP EMPEROR APPROVES OF ARMY PLAN

TOKYO, (Friday) (UP)—Emperor Hirohito today approved steps taken by the government which have placed the empire on a war footing and sanctioned the sending of the 12th division of the Imperial Army from Kurume, in southwestern Japan proper, to the North China fighting area.

One report was that the 12th division had landed in Dairen and was moving toward Peiping.

SHANGHAI (UP)—Mao Tse-Tung and Chu Teh, communist party leaders, asked Generalissimo Chiang Kae-Shek today to assume command of the communist army and lead it to the Peiping front against the Japanese.

Mrs. Gladys Akin was a caller on Thursday from Gold Hill.  
Mrs. Earl Hassler and son, John, of Portland, are here visiting relatives.

## Driver Escapes As Truck Is Wrecked

SAN DIEGO (UP)—Ed. Rowe narrowly escaped being crushed to death when a huge truck he was driving toppled backward over an embankment and was demolished a few feet from Rowe's unconscious form. Rowe suffered only from shock, surgeons said.

## ODD FELLOWS, REBEKAHS INSTALL

The various lodges of Odd Fellows and Rebekahs of the county are holding their regular installation of officers.

Last Saturday night the officers of the respective lodges at Coloma took their posts.

This coming Saturday night, a joint installation will be held at Latrobe and on Thursday night of next week, the officers-elect of the lodges at Diamond Springs will be installed.

Installations are being conducted by Glenn Carter, district deputy grand master of the Odd Fellows, and Dorian Sutton, district deputy grand president of the Rebekahs, assisted by their respective staffs.

## 23 Navy Bombers In Hop To Alaska

SEATTLE (UP)—Twenty-three U. S. Navy patrol bombing planes roared away from Sand Point naval station today on non-stop flights to Sitka and Kodiak, Alaska.

Last of the giant 13 ton two motored planes rose from Lake Washington and got into formation in the air at 8:30 a. m.

## SEN. ROBINSON RITES TO BE ON FRIDAY

WASHINGTON (UP)—Senate leaders from both sides of the aisle shared today in the work of completing plans for tomorrow's state funeral in the Senate chamber for the late Joseph Taylor Robinson, as all Washington grieved over the sudden death of the Senate Majority Leader.

Capitol Hill, itself, was particularly grief-stricken. Veteran senators, personal friends of Joe Robinson for more than a score of years, joined with "freshman" legislators, stenographers, elevator operators and other hill workers in mourning Robinson's untimely death.

President Roosevelt held an early morning White House conference with Attorney General Homer Cummings, presumably to discuss the effect of Senator Joseph T. Robinson's death on the administration's Supreme Court fight.

### ADDS PLAYGROUND

SAN FRANCISCO (UP)—In 1936 the city opened its first pre-school playground for children. Today it has 54 such recreation centers attended by a daily average of 1,100 children between 2 and 5 years old.

RACINE, Wis. (UP)—Among the hundreds of horses shod by 75-year-old Frank Stegner during 53 years of blacksmithing only one ever kicked him hard enough to do any damage, he recalls.

Henry Meyer, arrested Wednesday evening by city officers on a charge of being drunk and disorderly, was fined \$5 when found guilty Thursday morning in police court.

Dieticians recommend salads for health! Red & White recommends salads for just plain down-right enjoyment! With a big helping of Sun-spun Salad Dressing or Red & White Mayonnaise—salads take on a new creamy, crunchy, flavor! Here's to health! Here's to sure enjoyment! Nutritious—delicious, savory and delightful—only Red & White Salad Dressing fits these descriptive adjectives! Buy a jar of each at these low prices—make salads a regular summer time diet.
